General Terms and Conditions of Edulònia for SCHOOLS during the 2027 season

These General Conditions refer to the offer of services for school groups who wish to book a stay at any Edulònia youth facility, or—in the case of external educational activities—those offered under the service contract. The youth facilities or residential camps comprising "Edulònia" are: Finca Tamarit (RIJC No. CC000051), Finca La Capella (RIJC No. CC000201), Finca Vallclara (RIJC No. CC000199), and Finca Prades (RIJC No. CC000475), all located in the province of Tarragona. The name "Edulònia" is used as the trade name for the company English Summer S.A. (Tax ID A43091388), the owner of the residential camps (hereinafter, Edulònia).

The registered office is located at Finca Tamarit, Camí Castell de Tamarit s/n, 43008 Tarragona. Contact email: info@edulonia.com.

Users of the youth facilities will be grouped under a primary account holder—who shall be responsible for the booking, whether acting on their own behalf or on behalf of a legal entity—and must have the list of participants available.

Services included in stays for school groups are: accommodation, meals, educational activities led by instructors, and any complementary services specified in the quoted proposal. These services may be selected individually.

These general conditions shall be incorporated into the commercial contract to be signed by the person in charge of the school group, acting on behalf of the governing entity and, where applicable, its intermediary agency. As this is a commercial contract, the seal of the entity being represented must be affixed.

In the absence of any other type of document, the quote provided by Edulònia—including the general terms and conditions and signed by the school group as evidence of acceptance—shall be considered to provide the services specified in the quote.

The contract will come into effect once Edulònia, as the service provider, receives the advance or down

payment specified in the accepted quote. The remaining amounts required to complete the total payment, along with their due dates, will be indicated in the same quote. These General Conditions will be valid for the 2026/2027 academic year.

The school camps organized by Edulonia take place primarily at our own camp facilities. However, in the event of high demand and to ensure service delivery, some activities may be held at external facilities (such as PortAventura hotels, Camping Caledonia, or other partner centers).

In such cases, the terms regarding booking, cancellation, and operation will be subject to the specific policies of the corresponding provider.

General Terms and Conditions of Contract under normal circumstances.

Reservations.

1. The minimum occupancy for the house is set at 35 people, subject to availability. If the group is smaller, it is necessary to inquire whether the house is operating and available for shared use.
2. The camp facility cannot be booked on an exclusive basis—precluding sharing with other school groups—unless otherwise agreed in the contract.
3. The house will be definitively reserved once the deposit amount is received, together with...

...with the contract duly signed. The amounts payable in advance and their due dates will be specified in the contract itself. Unless otherwise specified, the first payment must be settled 60 days prior to arrival.

4. The final payment for the stay will be settled once the group leader confirms the final number of places for the school group—by the due date indicated in the settlement statement and no later than 7 days after the end of the stay.

5. In the event of cancellations regarding reserved places, a supplement per place and day—as specified in the contract itself—must be paid. Unless otherwise specified, this charge shall be 50% per unoccupied place.

6. In the event of a final cancellation of the stay, the deposit will not be refunded after 30 days have elapsed since receipt of the amount stipulated in the contract.

7. The contract will specify the VAT amounts applicable to the total quote, based on the rate in effect at the time the stay concludes. Additionally, the tourist tax will apply only to guests over the age of 16 staying at Villa Engràcia (VE). This tax must be explicitly included in the quote.

8. The final invoice for the stay may include charges not initially included in the quote, provided they are justified and costed. These may include: extra services provided by the establishment, external purchases, taxi services, damage, loss of equipment, etc.

9. Should the school group be accommodated in facilities outside the camp center, additional specific conditions shall apply. These conditions will cover specific aspects regarding rules of use, booking terms, and cancellation policies. Furthermore, the group shall be held liable for any damage, loss of equipment, or harm caused to said facilities; the cost of such items will be assessed and included in the final invoice, in accordance with the provisions of section 8 of the general terms and conditions.

Responsibilities.

10. The group leader undertakes to ensure that their group complies with the house rules, to leave the house in the same condition in which it was found, and to pay for any damage caused or loss of equipment. The group leader shall be held liable for any consequences arising from the group's actions.

11. The group leader is defined as the person who signs the contract or, in their absence, the person who takes charge of the group in person during the contracted days.

12. The group leader shall be responsible for handling any cases of illness or accident involving the minors that occur at the house during the stay. More serious cases must be coordinated with the institution they represent.

13. Medical assistance services, medicines, and travel expenses shall be borne by the school group.

14. The camp facility holds the mandatory civil liability and accident insurance policies in accordance with regulations for youth facilities. The accident policy covers only those accidents occurring during the period of the contracted supervision services.

15. The center does not have a vehicle for transporting school groups. Therefore, all travel—both regarding arrival and departure, as well as those taking place during the stay, must be managed by the school itself.

If necessary, contact details for local taxi services can be provided. It is recommended that groups have their own vehicle or arrange the necessary transportation.

16. A person in charge of the service will always be present at the house, both day and night.

17. Use of sound equipment: the facility can provide access to a room set up as a disco, provided it is not currently in use by other groups. A professional supervision system is also available for rent, but the presence of a responsible staff member is a mandatory requirement. Please check the applicable rates.

House Rules.

Along with the contract, the person in charge of the school group will be provided with a document outlining the following house rules regarding the use of the facilities, as well as the mandatory safety and hygiene protocols:

18. Check-in begins at 10:00 a.m. on the first day, although access to the rooms may be delayed until they have been cleaned. On the final day, rooms must be vacated by 10:00 a.m. to allow for cleaning before the next group arrives. A luggage storage area is available for use while waiting for the bus.

19. Sports equipment is available at the house. In any case, group leaders are advised to bring their own equipment or to take responsibility for the equipment provided to them. Should any such equipment be lost, the corresponding cost must be paid.

20. Smoking is prohibited throughout the camp facility, in accordance with current legislation on public health and the protection of minors. Decree 16/2022, of February 1, on youth facilities in Catalonia.

21. The provision or consumption of alcoholic beverages is expressly prohibited throughout the house (Decree 20/1985 of the Generalitat de Catalunya).

22. In accordance with Decree 31/1989 of the Generalitat de Catalunya, lighting fires outdoors is prohibited at any time of the year.

23. To respect the rest of all children, adults, and counselors, there must be silence from 11:00 p.m. onwards.

24. Users must keep their room and the common areas clean and tidy.

25. In the forest and in the mountains, you must take care of the environment and be mindful of where you leave your waste.

Dining Hall.

26. The dining service operates on a self-service basis: each person uses a tray and collects their cutlery, while the kitchen staff serve the food. After

eating, diners must return their trays to the designated area, clear away any cutlery and waste from the tables, and leave the dining hall clean.

27. Meal times will be announced on the first day, based on the time slots assigned to each group. Services will begin at approximately: - Breakfast: 08:30. - Lunch: 13:00. - Afternoon snack: 17:00. - Dinner: 20:00.

28. Any changes to the group's schedule must be communicated to the person in charge of the facility.

29. The kitchen will close at 10:00 PM (in accordance with Decree 269/1985 of the Generalitat de Catalunya).

30. Requests for picnic meals must be made well in advance and prior to the start of the stay.

31. Meals are carefully planned to provide children and adults with a healthy, balanced diet. Participants may request additional helpings as desired.

32. The menu corresponding to the booked period will be sent to the school before the stay begins.

33. Room assignments and a list of participants' food intolerances, allergies, and special dietary requirements must be submitted no later than 15 days before the stay begins.

Sleeping quarters.

34. Rooms are equipped with bunk beds and accommodate between 4 and 8 people. All rooms have en-suite bathrooms. Teaching staff will be accommodated in rooms shared exclusively with teachers from the same school.

35. A bottom sheet and pillowcase will be provided. Each participant must bring their own sleeping bag or top sheet, as well as personal bath towels.

36. Blankets are available upon request, and a sheet and towel rental service is available if requested in advance.

37. For hygiene reasons, eating and drinking inside the rooms is not permitted.

Activity conditions.

38. The activity service is contracted separately from accommodation services and is itemized in the quote.

39. The price of activities includes supervision based on the contracted ratio and schedule.

40. Activity times are: 10:00 a.m. to 1:00 p.m. (morning); 4:00 p.m. to 7:00 p.m. (afternoon); and 9:15 p.m. to 10:30 p.m. (evening).

41. The supervision service includes playground monitoring from 2:30 p.m. to 3:30 p.m. to allow teachers to have lunch. This service is included provided that the lunch service is contracted along with the activity package.

42. Teachers are responsible for supervising free time not covered by the monitoring staff (nights, recess periods, and the dining hall when not supervised by monitors). Regarding guided activities, it is recommended that teaching staff oversee them while they are taking place.

43. All materials required for the workshops are included in the activity price.

44. Educational booklets and worksheets used during the activities are also included in the price.

45. The monitor-to-student ratios for guided activities are as follows: one monitor per thirty students during the welcome session; one monitor per eight students for special education; one monitor per fifteen students for early childhood education; and one monitor per twenty students for the lower, middle, and upper stages of primary education and for compulsory secondary education. An additional fee applies if smaller groups are required.

46. Supervision during free time and at bedtime will be the responsibility of the school group leaders until the additional monitoring service is contracted.

47. Admission tickets for museum visits, adventure activities, external activities, etc., are contracted separately and are subject to the booking and cancellation policies of the subcontracted companies.

48. The team of instructors for English-led activities consists of native English speakers and non-native instructors with an excellent command of English. The assignment of instructors to the various groups will be determined by the facility.

49. The facility reserves the right to modify the initially scheduled activity timetable based on the number of groups and weather conditions.

Swimming Pool.

50. Use of the swimming pool is included within the activities organized and supervised by the instructors. If the pool is to be used outside the scheduled times or scope of these activities, a lifeguard service must be contracted in advance. This service must be arranged at least 15 days in advance.

Additional Services.

Complementary services—such as projectors, staging platforms, sound systems, speakers, LED lighting, and other equipment—are not included in the base price of the stay, unless they are already part of a scheduled educational activity. If your group needs to use any of these items for workshops, special activities, or parties during the camp, a prior request is required, and an additional cost will apply based on the specific needs of the activity.

Special Conditions.

The Terms of Contract and the services provided at the facility are subject to regulations issued by competent authorities regarding the use of youth facilities and associated health and safety standards. Should competent authorities impose new restrictions on the use of youth facilities, the Terms of Contract will be affected for the duration of such restrictions. Only in this scenario—and should it become necessary to cancel the stay—will any advance payments made be retained for a future booking on mutually agreed dates at any of the school's facilities. ~~In the event of a lockdown or evacuation, the established protocol for such situations will be activated. The quoted price may be adjusted regarding services that are not rendered, provided they do not incur justified expenses.~~
